By Rick Mann

Rick Mann is an attorney who attended Taylor University in Upland, Indiana, and graduated from Ohio State University with a Bachelor of Science Degree in education (1968), and a Juris Doctor Degree in Law (1970). He is admitted to practice before the United States District Court, Southern Division, and the Ohio Supreme Court. He is a widely published author and speaker, who served as primary State Legal Counsel for the Ohio Association of Secondary Administrators.

He is also a thirty-year member of the national Education Law Association and has been listed in Who's Who in American Law for over 40 years.

Mr. Mann's own history as a parent and a teacher, and later as legal counsel to school administrators, has made him passionate about the safety of students in changing times. His primary focus is on the dangers of accidental misuse of digital media and its associated pitfalls; including, but not limited to social networks, cyber cheating, cyber bullying, sexting, and sextortion.

This program is not meant to replace legal counsel. Always contact
an attorney with specific situations or questions.

This is free to one person from each safety council member company and any extra person is \$10. This is open to the public for a \$15 lunch fee. You must RSVP to 419 586 2219 or email safety@celinamercer.com by Friday, December 11th.
